Laugh?

*Why did spring break up with  
winter?*

*Because it was tired of being left in the  
cold!*

---

## May Insights: What's New in the Community!

We've made great progress in the community! In, April three older homes were demolished to prepare for future development. Last, fall we completed upgrades to the playground, more improvements are planned for the area later this year. Exciting things ahead!

## Trash Disposal Update

Modern Disposal has changed their bulk item collection schedule. They will take bulk items on the last day of the month. They will not pick up any bulk items or trash that is not in the garbage tote. Items will not be picked up unless it is on bulk item collection of the last collection day of the month. For questions about this, please contact the office

---

## Safety Reminder

Warmer weather means more outdoor activity. More children are out playing, and neighbours are enjoying the outdoors. Please remember that the community **speed limit it 10 MPH**. Drive slowly, stay alert, and watch carefully for children and pedestrians to the community.
